

Überschriften nummerieren

Um die Seitenabschnitte zu nummerieren, können Sie folgende Anweisungen an das Ende der Seite *MediaWiki:Common.css* kopieren:

Die Überschriftennummerierung über common.css wird nicht im PDF-Export übernommen.

- ! Existieren im Wiki auch Bücher, so kann diese Nummerierung nicht angewendet werden, da sonst in den Buchseiten die Nummerierung nicht korrekt angezeigt wird.

```
#mw-content-text {  
    counter-reset: h2counter;  
}  
#mw-content-text h1 {  
    counter-reset: h2counter;  
}
